◆ Feature

- Enhance ventilating and blow with bell mouthed type.
- Enhance the durability. High air volume, Low noise oil pressure system ventilator.
- Blade is possible to be detached from motor after installation. Easy for inspection or repair.
- Low consumption electric power and the greatest efficiency compare to other products.
- hermetic motor. Long longevity.
- Enhance the cooling ability with aluminum die casting motor case.
- Possible to apply auto shutter.

◆ Available place

- Ventilating and exhausting of factory, warehouse, store.
- Ventilation and exhausting of cattle shed, green house
- Refrigeration and cooling system : Ventilation, Blowing, Exhausting in the building, apartment, underground arcade, factory, warehouse
- Assembling and cooling : Transformer, drying machine, rectifier, etc.
